WORK EXPERIENCE

Associate @ TM Financial Forensics

August 2018 - Present

- Developed a SQL database model to analyze over \$1.2 billion of historical labor costs incurred by a government contractor in an investigation of fraudulent billings for construction work
- Normalized, standardized, and matched timecard and organizational chart data for a 10-year period across separate database formats in order to identify relevant records
- Visualized quantitative results of data analysis in simple-to-understand charts and tables in order to recommend potential arguments to a non-technical audience of attorneys

Research Intern @ Los Angeles Mayor's Office of Public Safety Summer 2017

- Researched public safety and homeland security policy issues ranging from local human trafficking efforts to federal/state drone policy to brief the Mayor's Director of Policy and Programs
- Submitted research assessments of LAX and the Los Angeles aerospace manufacturing cluster for consideration as Department of Homeland Security Critical Infrastructure Assets to secure grant funding

Legal Intern @ Folio Investing

Summer 2016

- Developed a SQL database model that parsed through Folio's entire transaction history, specifically flagging over \$1 million in abandoned account values, cumulatively in ten states, according to specific state laws
- Implemented company-wide procedure for the identification, contacting of owners, and escheatment of abandoned accounts in order to effectively comply with property laws

LEADERSHIP & ACTIVITIES

Vice President, Co-Founder @ Unruh Associates

January 2017 - May 2018

- Established a shared vision of our mission and activities on campus by building consensus among the inaugural e-board
- Revamped online presence, admissions process, and event schedule to better connect students and drive engagement, in turn generating over 100 member applications

Economics Tutor @ USC Department of Economics

January 2016 - May 2018

- Led one-on-one lessons each week designed to teach economics concepts, aid with test-taking strategies, and impart study skills so students could more effectively utilize their time studying economics at USC

EDUCATION

University of Southern California, May 2018

3.75 Cumulative GPA, magna cum laude

Dornsife College of Letters, Arts, and Sciences

Bachelor of Arts, Economics

& Bachelor of Arts, Political Science
